### 2. Full activity review of @cybercrimeahd (last ~6 months)

Handle: Ahmedabad Cyber Crime (@cybercrimeahd). Bio emphasises “સાથે મળીને લડીએ, સાયબર ખતરાને હરાવીએ” + Dial 1930 + online complaint link. Followers ~1.2k (Blue verified). Tone: formal, Gujarati-primary with Hindi/English mix; promotional of arrests/recoveries, awareness campaigns, success stories; tags senior officers (@dgpgujarat, @DrLavina\_IPS,

@sanghaviharsh, @GujaratPolice, @AhmedabadPolice); heavy use of videos and photos of operations or awareness sessions.

Dominant themes (May–Aug 2026):

- Arrest announcements (digital arrest, investment/crypto scams, WhatsApp/ZIP hacks, Aadhaar-related fraud, blackmail).
- Awareness: USB baiting, fake profiles, Boss Scam (fake boss instructions after WhatsApp hack), strong passwords, Mission Cyber Rakshika / SecureHerSpace (women-focused).
- Event promotion (KANAD S.H.I.E.L.D.).
- Local events (Rathayatra security).
- Recovery success stories (e.g., 80% of ₹1.5 crore recovered after ZIP/WhatsApp hack).

Most-engaged recent posts (from Top/Latest samples):

- Crypto investment scam arrest via Winprofx app (₹19.07 lakh, accused from Bihar): Likes=11, Reposts=3, Replies=9, Views=2691 (22 Jun 2026).  
<https://x.com/cybercrimeahd/status/2068976779285635314>
- Mission Cyber Rakshika awareness / Instagram blackmail gang: Likes=12, Reposts=5 (26 May 2026).  
<https://x.com/cybercrimeahd/status/2059219622688387419>
- Aadhaar fraud inter-state gang (success video): Likes=13, Reposts=5 (9 May 2026).  
<https://x.com/cybercrimeahd/status/2052989208839786496>
- Digital arrest rescue of 74-year-old (Jet Airways/CBI/Mumbai Police impersonation): lower engagement but typical tone.  
<https://x.com/cybercrimeahd/status/2070406824059367639>

Overall: operational PR + prevention messaging. Limited organic conversation under the posts.

### 3. Related official handles

- @ihubgujarat (iHub / i-Hub Gujarat): Active on Cyber Security Demo Day 2026 (late Jul 2026) with mentorship, pitching, ISRO/Army/NF SU experts, investment partners. Mentions Ahmedabad Cyber Crime Department sessions. No direct KANAD S.H.I.E.L.D. posts found in samples, but tagged in official event promo. Examples: 27–28 Jul 2026 posts on Demo Day tracks and experts.  
<https://x.com/ihubgujarat/status/2081687483788804304> (and related).

- @GujaratPolice, @AhmedabadPolice: No direct KANAD posts found in keyword searches. They post cyber-awareness and specific arrest/recovery items (e.g., @AhmedabadPolice 6 Aug 2026 digital arrest ₹44 lakh case from Jodhpur: Likes=14, Views=5855).  
<https://x.com/AhmedabadPolice/status/2085342137273679948>
- Mentions of @dgpgujarat, @DrLavina\_IPS, @sanghaviharsh appear frequently as tags but no independent high-volume posts on the hackathon located.

## 4–5. Participants, mentors, judges, sponsors, prior editions

- Limited: ECS Corporation posted as participant/exhibitor (Jul 2026). @ihubgujarat running parallel Cyber Security Demo Day / Investment Demo Day (Jul 2026) with startups and experts.
- No clear public team announcements, prep threads, mentor/judge lists, or sponsor threads beyond the above.
- Prior editions (2024/2025): No results found for “KANAD SHIELD” / kanadshield + 2024/2025/winner(s). No winner announcements or recaps located on X.

### B. LIVE CYBERCRIME SIGNAL IN GUJARAT (from X)

## 6. Citizen/scam reports (Gujarat/Ahmedabad focus)

Dominant live typology visible: **digital arrest** (fake CBI/police/RBI/Supreme Court via WhatsApp video calls, threats of money-laundering warrants, demands for gold/cash transfer). Recent examples:

- @AhmedabadPolice / news handles (6–9 Aug 2026): ₹44 lakh digital arrest; two arrested from Jodhpur posing as CBI/police/RBI.  
<https://x.com/AhmedabadPolice/status/2085342137273679948>  
<https://x.com/tv9gujarati/status/2086313742661534092>
- Older @cybercrimeahd: 74-year-old rescued from Jet Airways/CBI/Mumbai Police digital arrest.  
<https://x.com/cybercrimeahd/status/2070406824059367639>

Other frequent: investment/trading/crypto apps (Telegram), WhatsApp/ZIP/Boss scams, romance/parcel scams, Aadhaar-linked fraud. Citizen-level raw complaints are scarcer than official/news posts; victims more often appear in recovery success stories.

## 7. Emerging MO (police/researchers/journalists, last 6–12 months)

- Digital arrest remains dominant and evolving (video calls + fake letters).

- Deepfake: Surat MP Govind Dholakia deepfake video used in fraud attempt (9 Aug 2026, @tv9gujarati).  
<https://x.com/tv9gujarati/status/2086311893267050991>
- Boss Scam / WhatsApp Web hack after ZIP/APK click, then urgent fund transfer instructions (explicitly warned by @cybercrimeahd, Jun–Jul 2026).
- Crypto/investment apps (Winprofx etc.), Chinese-linked investment gangs, SEBI-fake certificate stock scams.
- AI voice/deepfake elements appear in news posts but limited primary researcher chatter in the sampled results.

## 8. Hoax bomb-threat emails

National scale continues. Recent:

- US-based software engineer detained at Chennai airport for >1,000–1,500 fake bomb-threat emails over three years (Jul 2026, multiple handles including @News9Tweets, @Raghuvp99).  
<https://x.com/News9Tweets/status/2080176140162142603>
- Delhi Assembly/Secretariat/Army school received threats (24 Jul 2026, @PTI\_News).  
[https://x.com/PTI\\_News/status/2080635821166936413](https://x.com/PTI_News/status/2080635821166936413)
- Ahmedabad airport: CISF multi-agency bomb-threat mock exercise (Jul 2026). No large Gujarat school/hospital email wave specifically highlighted in recent samples.

## 9. Mule bank accounts

- Mumbai Police busted mule-account racket linked to 42 cyber-fraud cases (>₹7.42 crore); two held; often recruited via Telegram task/high-return lures (8 Aug 2026, @PTI\_News).  
[https://x.com/PTI\\_News/status/2085984943797403820](https://x.com/PTI_News/status/2085984943797403820)
- Broader discussion: APWG-linked claims of mule accounts in Punjab/Rajasthan hotspots, rapid movement via hawala/crypto ATMs (Aug 2026 posts). Recruitment of young people common. Banks/NPCI freezes frequently mentioned in victim complaints but limited primary bank-handle detail.

## 10. Useful Indian OSINT / infosec / cyber-police accounts

- @cybercrimeahd — Ahmedabad Cyber Crime official operational updates & awareness.
- @Cyberdost — I4C / national 1930 & cybercrime.gov.in awareness.
- @GujaratPolice / @AhmedabadPolice — state/city official cyber enforcement posts.

- @ihubgujarat — startup/innovation partner for cyber challenges.
- @CyberCrimeshyd / state cyber units — comparative operational signal.
- Local news (@tv9gujarati, @GSTV\_NEWS) for Gujarat-specific case volume.
- National: @PTI\_News for enforcement actions.

## C. SENTIMENT AND CRITICISM

### 11. Complaints about 1930 / cybercrime.gov.in / police response

Pain points in victims' words (sampled recent + representative):

- Delayed/no response: "30/07/2026 ko complaint ki thi 1930 avi tk koi response nhi mila... 40000 jo nikl gye the... lgta hai sapna smjh kr bhoolna pdhega..." (@Lalabha88086425, 3 Aug 2026).  
<https://x.com/Lalabha88086425/status/2084311252235596184>
- Portal errors / server issues: "how am i supposed to file a complaint when i constantly get this error... 1930 ... couldnt login due to server issues... India legal/judiciary system is a joke" (@Valipokkann, 7 Aug 2026).  
<https://x.com/Valipokkann/status/2085558489963970593>
- Common themes across posts: long wait for freeze/recovery, incomplete portal functionality, need to re-file or visit station, low recovery rates outside rapid 1930 intervention windows. Official replies often redirect to complete details or nearest station.

### 12. Criticism of police surveillance / AI tech

No strong recent Gujarat-specific threads on facial recognition or predictive policing located in the targeted searches. Broader Indian discourse exists historically but did not surface as high-volume current criticism tied to Ahmedabad/Gujarat Police in the sampled results. Prepare generically for privacy concerns if asked; no event-linked controversy found.
